

GOLDEN ROSE CORGIS

PO Box 756, Lockeford, CA. 95237
(209) 256-5669 Email-goldenrosecorgis@gmail.com

THINGS I RECOMMEND:

- A SAFE, FULLY FENCED YARD FOR YOUR DOG TO PLAY
- A PUPPY PROOFED HOUSE – THEY WILL BE TEETHING!
- PUPPY CLASSES
- CRATE TRAINING
- LEASH AND COLLAR TRAINING
- POTTY TRAINING
- SOCIALIZING
- VACCINES
- SPAY/NEUTER – AGE TO DO THIS AS RECOMMENDED BY YOUR VET (OPINION VARIES AS TO BEST TIME)
- BORDETELLA SHOT (FOR KENNEL COUGH, ESPECIALLY IF YOU GO TO A LOT OF DOG PARKS OR MEET UPS)
- DE-WORMING
- GROOMING
- FLEA PREVENTION AND HEART WORM PROGRAM (AS RECOMMENDED BY YOUR VETERINARIAN)
- ***DO NOT*** FEED YOUR PUPPY/DOG BONES – MANY PEOPLE FEED BONES AND THEY ARE FINE, HOWEVER, FEEDING THE WRONG KIND OF BONE, MAY INJURE OR KILL YOUR DOG! BONES SHARD/SPLINTER, CAUSE INTESTINAL DISTRESS AND EVEN POTENTIALLY INJURE THEIR MOUTHS – WE SPEAK FROM EXPERIENCE!
- A BALANCED AND HEALTHY DIET – OBESITY IS A HUGE ISSUE IN CORGIS, ALTHOUGH THEY ARE ADORABLE, DO NOT LET THEM PERSUADE YOU TO OVER FEED THEM. TABLE SCRAPS, FREE FEEDING, OVER FEEDING ARE EASY TO DO – ALWAYS BE CONTENTIOUS OF YOUR DOG’S WEIGHT, IF YOU FEEL YOUR PUPPY/DOG MAY BE OVERWEIGHT, CONSULT YOUR VETERINARIAN.
